Professional Summary

Computer Science and Engineering undergraduate at United International University with a strong foundation in programming and web development. Experienced in building academic, hackathon, and personal projects using JavaScript, React, Next.js, Java, and Supabase. Eager to gain hands-on software development experience, contribute to real-world projects, collaborate with experienced developers, and continue learning modern technologies.

Education

United International University, Dhaka 2023–Present
B.Sc. in Computer Science & Engineering

Dhaka City College, Dhaka 2020–2022
Higher Secondary Certificate (HSC)

Birshreshtha Munshi Abdur Rouf Public College, Dhaka 2018–2020
Secondary School Certificate (SSC)

Projects

CreatorForge – AI Content Platform (Hackathon)

- Built an AI-powered content platform during a 12-hour hackathon.
- Developed the frontend using Next.js and Tailwind CSS.
- Integrated Supabase authentication and database.
- Connected Claude API to generate platform-specific content.
- Collaborated with teammates using Git and GitHub.

Ascendia Nexus – AOOP Project

- Developed a course and job portal with a CV generation system.
- Implemented the frontend using JavaFX and Scene Builder.
- Applied Object-Oriented Programming principles in the system design.
- Collaborated with a 3-member team and integrated frontend with backend workflow.

Maze Solver – AI Lab Project

- Implemented BFS and DFS based path-finding algorithms.
- Worked on efficient maze navigation and obstacle handling.
- Collaborated with teammates using Git and version control.

Portfolio Website

- Developed a responsive personal portfolio using HTML, CSS, and JavaScript.
- Focused on clean UI and mobile responsiveness.
- Hosted the website using GitHub Pages.

Achievement

Champion – AOOP Project Show 2025
Won the Advanced Object-Oriented Programming Project Show at United International University for Ascendia Nexus.

Technical Skills

Frontend: HTML5, CSS, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS

Programming: C, C++, Java, Python

Backend & Database: Supabase, MySQL, REST APIs (Basic)

Tools: Git, GitHub, VS Code

Concepts: OOP, Data Structures, Responsive Design

Relevant Coursework

Data Structures & Algorithms, Object-Oriented Programming, Advanced OOP, Database Management Systems, Software Engineering, Artificial Intelligence, Computer Architecture

Languages

Bengali: Native
English: Professional Working Proficiency
